LOCAL NEWS.

Mr. J. B. Coffey, President of the Columbia Fair Association is putting in some good ticks for said Association at the Hustonville Fair this week.

Mr. George R. Follis, who has been in a low state of health for several months, will leave for Crossville, Tenn., to-day where he hopes that his condition may be improved. To all his friends who have assisted him in making preparations for his stay in the mountains he returns his most grateful thanks.

The Greensburg Record copied a personal mention of Miss Margaret Taylor which appeared in the News last week, and adds: The Adair County News says many nice things of Miss Taylor which we heartily endorse and congratulate that Institution on securing her, as she is a most estimable christian lady, being one of our leading workers in the Presbyterian Church of this City, and prominent in the Y. W. C. A. and Sunday school work, having been unanimously chosen to represent the Y. W. C. A., at the Asheville, N. C. Conference, and was at one time Secretary of this District Sunday School Association. The college could not have secured a more popular teacher, as she wins the love and respect of all her pupils, having had much experience in this and other cities where she has given the best of satisfaction. As a teacher she has had unusual training both in a scientific and musical course. She spent much time in Cincinnati giving much attention to elocution and before being a pupil in the Conservatory of music at Cincinnati she was under a pupil of Karl Mertz, so Miss Taylor will be a great addition to their College and City. We regret to have her leave the city of her birth where only good wishes and expressions of esteem and admiration are heard for Miss Margaret and hope her life may be pleasant in her new home until she returns to abide here for the rest of her days.

FOR SALE

Farm of 275 acres, 6 1/2 miles south of Columbia, Ky., on Columbia and Crookston roads; 150 acres in grass, in good state of cultivation; good house and out buildings; good fencing; plenty of water and timber, one stone mill, 100 ft. in diameter, well selected stock of goods. This is a good point to do business. One steam saw mill, direct attachment to the mill, will cut 150,000 ft. of lumber per day; 150 white oak trees, 8 1/2 miles south of Columbia; one steam boiler and engine, portable, 5 horse power; good order, one steam boiler, as good as new. Eighty-eight (88) acres of land on Burns creek, 9 miles south of Columbia, Ky., most all in timber. The stone mill has been cut off of the above, but there is a popular, ash, black oak, chestnut, hickory and chestnut oak still on the 88 acres. All the above for sale by

Dear Editor—
The Commoner in a quotation from the Johnson Democrat informs us that Baron Rothchild offers \$15,000 for a flea and is going to send Jimmie Click, the noted lion and tiger catcher of London, to Africa in search of a thoroughbred. As we have a surplus on hand and would be pleased to furnish the Baron one or more at the above price, will you please insert the following in the News.
MR. A. CLICK
If you want a blooded flea Don't forget to call on me, We've the pure Kentucky breed. Noted for both blood and speed, Don't neglect so rare a chance. Fleas have made a slight advance, With but very few in sight. They are active day and night, Jimmie Click, O Jimmie Click, Catch a flea and catch him quick. Should you call by day or night, We can make them to your right, By the lot or by the head To stock the Baron's downy bed; And I vote upon my life I'll send a couple to his wife That with care will soon produce Lots of fleas for family use, Jimmie Click, dear Jimmie Click, Catch our fleas please, catch 'em quick.

TEXAS

Rockwood, Texas, July 19, 1905.
Adair County News:

Perhaps it would be of interest to some of the readers of the News to hear from this part of Texas. Coleman county is a beautiful country well timbered and watered, well timbered here means plenty of fire wood and post timber. Not much timber is used in this country, houses are small and nothing is used in fencing but barbed wire and a small mess quite post.

This country is a very fine farming country; you can raise almost anything that grows. We have had plenty of rain this season, crops are out of sight. Corn will make 10 barrel per acre, wheat from 20 to 40 bushels, oats from 50 to 100 and advanced cotton, one half to a bale per acre. We can't tell yet what the whole crop

will make, as some is just coming up. Does it pay a man to farm in this country? One man can cultivate sixty acres of cotton, to make one half bale per acre he would have thirty bales at fifty dollars, making \$1,500 clear as the seed pay for picking, ginning etc. (Compare this with tobacco.) There is a large crop this year. The new comers have put in a great deal of fresh land. A large pasture of over 100,000 acres have just been opened up for settlement. This is a grand opportunity to get a home. The price ranges from three to twenty dollars per acre. This country is also well supplied with mineral, coal is found almost anywhere along the Colorado river and oil in the eastern part of the county. This has been a great cattle country but the ranches are being cut up for the benefit of home seekers. Thoroughbred cattle are fast taking the place of the longhorned Spanish breed. Roping is fast going out of fashion but it is quite a show to an Eastern fellow to see a cow boy take in after a big four-year old and fairly ground and tie him, ready for branding, all in eighteen seconds.

This is a great place for the people to have picnics, roping contests and ball games. Well I will close with an invitation to you all to visit Texas. Yours Respt.,
Sam L. McCaffree.

FROM MISSOURI

Ballard, Mo., July 22, 1905
Adair County News:

As this is a leisure time with most all classes of people, and being one of that class at present, we will pen a few reminiscences of that good old State Kentucky.

When we visited in your State two years ago, we were made to wonder at the progress of your town since we left it fourteen years ago. Not only had your town improved to a great extent but the people of your county also, farming and stock too, have improved wonderfully.

I could not help calling to mind the days when your county officers were men that are now passed over the Sands of Time, and now the young men have stepped into their places,—boys that were careless youths when I lived there, are now holding office as growing farmers and business houses of your county.

I attended your county fair while there, and would like to again if distance did not separate us so inconveniently. When I

was there time seemed to roll up before me, when the fair ground was first laid out, when W. H. Hudson used to drive Old Dick Elmo and beat the Bluegrass boys and Adair county men would throw their hats up to the tops of those little oak that stood around the grandstand, I believe I will give a whoop for him now! After the fair was over I went out to my old homestead about three miles south of Columbia, found the same old mansion on the same old hill, but alas! its occupants were all gone, with nothing to remind one of them but the small mounds that cover their silent tombs. Thus passes the world of mankind. All these things have transpired in the last twelve years, and the next twelve years more may bring about the same contrast in our memory.

Now Mr. Editor, a few items from our State will most assuredly be of some interest to some of your people. We are in a good part of the State. It will produce almost anything that land, with good cultivation will produce. We have a huge prospect for corn, a good crop of wheat and oats, meadows not so good as last year but pastures never better at this season. The people are in good cheer and are preparing for a county fair in October. This country will raise big corn crops and big hogs if it will rain enough. We are about 30 miles from the Kansas line, and we raise the corn

and Kansas raises the wheat before me, when the fair ground was first laid out, when W. H. Hudson used to drive Old Dick Elmo and beat the Bluegrass boys and Adair county men would throw their hats up to the tops of those little oak that stood around the grandstand, I believe I will give a whoop for him now! After the fair was over I went out to my old homestead about three miles south of Columbia, found the same old mansion on the same old hill, but alas! its occupants were all gone, with nothing to remind one of them but the small mounds that cover their silent tombs. Thus passes the world of mankind. All these things have transpired in the last twelve years, and the next twelve years more may bring about the same contrast in our memory.

Columbia Fair Association

—TO BE HELD AT—

Columbia, Ky.,

Aug. 22-4 Days.

Rules and Regulations.

1. The exhibition will commence each day at 9 o'clock a. m., by which time all entries must be made.
 2. All show stock, except hogs and sheep, will be charged 10 cents a head to enter the grounds.
 3. Sweepstakes shall be considered a class.
 4. No stock will be permitted to enter the ring except under bridge, halter or perfect control of groom, except herd. All stock under two years old must be exhibited under halter.
 5. No animal of age, in the class of brood animals, that has not produced, shall receive a premium.
 6. The age of all horse stock shall date from the first day of January in the year it was foaled; all other stock shall date from actual birth.
 7. No premium shall be awarded to any animal or article without competition, unless the judges shall consider it worthy; when there is no competition, one-half the premium given in full.
 8. No intoxicated person shall be permitted to exhibit an animal, contented for a premium or remain upon the grounds.
 9. Every article introduced upon the grounds for exhibition shall be under the control of officers.
 10. No one shall act as judge who is known to be related to a person competing for a premium.
 11. Animals and articles must be numbered before entering the ring.
 12. No animal shall be allowed to take more than two premiums, except in pairs, model rings or general sweepstakes.
 13. No one shall enter the ring during the exhibition, except the officers, judges, invited guests with badges, and exhibitors, when invited.
 14. Should owners approach or speak to the judges in regard to an animal or article, unless requested to do so for information, their animal or article shall not receive a premium, and their conduct shall be regarded and proclaimed by the Marshal as disorderly.
 15. In case of a tie vote in rendering a decision by the awarding committee, an additional committee member shall be called in and his vote shall be confined to the animals tied, and a majority shall be final.
 16. All marks of ownership shall be strictly excluded.
 17. All objections as to judges must be written in writing to the Chairman of the Executive Committee.
 18. The best animal or article shall receive a premium, to be indicated by a blue ribbon.
 19. In cattle herd ring, the cattle must belong to one man or established firm, and not temporary firms formed for the purpose of showing.
 20. No one will be permitted to hitch stock or leave vehicle inside of the race track. This must be obeyed.
 21. No disorderly conduct will be permitted on the grounds.
 22. The Association will take all proper and necessary care to prevent accidents, but will not be responsible for losses, damages or unnecessary expense not specified.
 23. No kind of betting or gambling, of any shade or manner whatever, or any immorality will be tolerated on the grounds of this Association.
 24. Judges will not be permitted to communicate with each other while forming their decision, which is to be done by ballot.
 25. Persons desiring to exhibit machinery, or articles for which no premium is offered, or not intended for competition, will be furnished proper space therefor by applying to the President.
 26. Horses will be permitted to be shown with boots, but must be removed before the judges to show that no defects are hidden.
 27. Managers of all classes must call the attention of the judges to rules and considerations governing the contest.
 28. All exhibitors shall be under the supervision and direction of the Executive Committee.
 29. The Directors reserve the right to withdraw the premium list in the event of drought, epidemic or any unforeseen casualty.
 30. Exhibitors shall file their objections in writing with the President or the Chairman of the Executive Committee, as stated in rule 17.
 31. All premiums of \$10.00 and over, ten per cent. will be deducted, except in the thoroughbred races, in which an entrance fee of 10 per cent. is required.
 32. The 10 per cent. fee in thoroughbred races will be added to the purse and given to the winner.
- NOTE:—In making awards in saddle horse classes, judges shall consider the gait as described in the rules of entry to the National Saddle Horse Register as follows: (1) walk; (2) trot; (3) rack; (4) canter; (5) running walk, trot or slow pace. High-school and park gait not considered.

Notice.

I am now ready to accommodate any one who wants to attend the Griffin Springs. Terms \$4.50 per week, 3 t. R. L. FAULKNER.

There is no reason why Adair county farmers should not be successful in competing for premiums at the Fair. Many of them have good stock and all that is necessary is getting it in shape to show.

Pickett's Chapel first nine will play the second nine of Columbia next Saturday afternoon at the Lindsay-Wilson grounds. The game promises to be interesting and a large crowd is expected to witness it.

500 yds Lawn and Dimitie 5c yd. 500 yds. Dress Gingham 5c per yd. 500 yds. Calico 1 cent per yard. Ladies' Ready-to-wear hats \$5.00 and 75c. WALKER.

Coffey & Robertson bought two mules from E. T. Keltner last Wednesday, for \$200. Coffey & Robertson sold to Massie & Co., two mules for \$310. Massie & Co., sold to Coffey and Young one mule for \$140.

Somerset is making preparations for the best Fair ever held in Pulaski county. It begins August 29, and continues four days. Mr. Ben V. Smith, who is the Secretary, will please accept our thanks for a complimentary.

Deputy Circuit Court Clerk, Fred Hancock is making up the docket for the September term of court. There is but little using and the Civil docket will be light. The cases docketed for the Commonwealth are nearly all minor offenses.

Mr. John M. Sullivan, the inimitable, was in Columbia Monday. He informed the News that from now on he would vote independent in politics. Corruption in both parties, he says, has driven him to become neutral. Purity in office will be the watchword henceforth and forever.

Herman Arma, eyesight specialist, has arrived in Columbia and is at the Marcom Hotel. He is thorough in his work and guarantees satisfaction. Examination free. Dr. Arma belongs to a company of specialists, known for first-class work all over Kentucky.

The Columbia district schools were opened more than a week ago. The attendance at both schools is large. Miss Fannie Smythe is teaching in East Columbia and Mrs. Mary Harvey in West Columbia. They are both excellent teachers and we predict that pupils will be rapidly advanced.

Pro. Burk, who is the principal of the public schools at Newport, Ky., delivered a very interesting lecture last Friday night at the court house, his subject being Abraham Lincoln. On account of rain the audience was small, but those who were present pronounced it an able and scholarly production.

Mr. Myers informs the News that the electric light plant will be running regularly about the first of August. He is now wiring dwellings and he thinks in a week or two he will have a sufficient number of residences engaged to cover expenses. It costs money to run a plant, and the proprietor wants to get every thing in good shape before starting.

Drilling for oil is now on at Gradyville. One drill was started last week and we learn from Dr. J. D. Russell that another rig will arrive in a few days. If there is oil in this county the Mountain Oil Company is out to find it. Those who are interested are satisfied that paying strikes will be made in this field.

Mr. M. W. Hancock, who in company with his mother went to Crossfield, Tenn., two weeks ago for the benefit of his health, writes that the climate is delightful and that he is improving, gaining strength daily. Mrs. Hancock and her son are boarding with the Country Lodge and are enjoying plenty of the very best to eat. The water is fine and the people generally social.

The base ball game between the second nine of Columbia and the second nine of Greensburg, played on the Lindsay-Wilson grounds, last Friday afternoon, was not the least interesting. The result, 11 to 2 in favor of Columbia. The game was played in a row. It is said that Romie Judd pitched like a professional.

The drill has been started at Gradyville, and Dr. J. D. Russell, who is President of the Mountain Company, expects to bring in a well at 350 feet this week. The Mountain Company is in full confidence of making several good strikes in the near future. The Manager says he is here for oil, that the oil is here, and he is determined to find it.

Here is another excuse for patronizing mail order houses and it seems a very plausible one, and it comes from a prominent farmer, not in Adair, but who resides in a thriving county in the State. He says that the advent of the automobile on the country highways is driving the farmer's trade to the catalogue houses for the reason that it is safer for him to order his goods by mail than to trust his wife, son or daughter with a horse and buggy to go to the local store for goods. There are not any automobiles in Adair county, and in our judgment not likely to be soon. From the reading of metropolitan papers it seems that the automobile was invented for the purpose of killing millionaires.

Mrs. Margaret Allen Dead.

About the hour of 12 o'clock last Friday night, after a long illness, the spirit of the subject of this sketch went to God who gave it. She was a devoted Christian woman, a zealous member of the Cumberland Presbyterian church and a kind and sympathetic neighbor. She was a daughter of Hiram Turk, who died in this county many years ago, and who was an honored and respected citizen. Had the deceased lived until her next birthday she would have been eighty years old. When quite a young woman she was married to Robt. Allen, who preceded her to the grave two weeks ago. The deceased owed to our knowledge, leave four children, Sam, Robt. and H. K. Allen and Mrs. John Johnson, all of whom were at the bedside when she end came. Besides the children she is survived by four brothers and one sister, namely, H. K. Turk, of Cumberland county, C. C. Turk, of California, Dr. J. C. Turk, of Missouri, Sam Turk, of Alabama and Mrs. Elizabeth Robertson, of this place. The funeral services were conducted at the residence last Sunday afternoon by Rev. W. H. C. Sandridge, a large circle of friends and relatives being present.

The sympathy of the neighborhood is with the stricken children, brothers and sister.

Van Nuys-Hardin.

On Wednesday, August 2, 1905, at 8:30 o'clock p. m. Mr. Presenius Van Nuys, of Cambridge, Mass., will be married to Miss Jane Everett Hardin, daughter of Gen. P. W. Hardin. The ceremony will take place at the colonial home of Mr. W. E. Harris, Sabot, Va. The couple will occupy handsome apartments on the plantation until October 1st, at which time they will leave for the home of the groom, Cambridge, Mass.

The intended bride is known to a great many Columbians, she having spent at least twenty years ago.

She is a young lady of rare accomplishments and exceedingly popular wherever known.

In advance of the happy event, the News extends its best wishes.

Oil Sand Struck.

Dr. J. D. Russell, of the Jamestown, New York company, who is putting down a well on R. R. Conover's farm, came into Columbia last Friday night at about 10 o'clock, feeling confident that his labors would not be in vain, that a good flow of oil would be reached in a very short time. This opinion is based upon the fact that oil sand has been struck, a sure indication of oil.

He said that the public should depend upon his statement; that he has been in the business for years, and knows reliable indications when he sees them. He further stated that he was as confident as when he first reached the place, that an abundance of oil would be found in Adair county.

Shot His Brains Out.

Greensburg, Ky., July 24, 1905. Editor News.

Yesterday morning about 9 o'clock Mr. Jas. J. Baker of this place committed suicide at the residence of M. Gore near here by shooting himself through the brain. He used an old cap and ball pistol, the ball entering just above the right ear and coming to rest on the side of the head; he took a mirror to the barn with him and hung it up so that he could see where he was placing the pistol. He lived about one hour after he shot himself.

He was quite wealthy, and about sixty years of age, and a widower. It happens is supposed to be the cause of his taking his life. C. H. Noggle

Marriage Licences.

Up to this date the following marriage licences have been issued from the Adair county clerk's office during the present month:

Chas. R. Thomas to Miss Della M. Grider.

W. C. Smith to Miss Mary Lou Richards.

E. C. Page to Miss Mayme Moore.

Burley England to Miss Zora Engle.

Ocie McGinnis to Miss Maggie Wilcox.

Ladies Take Notice.

Mr. W. R. Myers, proprietor of the Columbia Roller mill, offers a barrel of "Sovereign" flour, worth \$7.50 for the best cake made out of souvenir flour to be exhibited at the Columbia Fair. This premium ought to bring out some good cakes. Remember it must be made out of the souvenir flour, the best grade made at the Columbia Mill.

Mr. Fede Moore has exhibited a hen egg at this office, weighing one quarter of a pound. The shell is rough and upon it are the letters "M, S, Q, O and R." It is a curiosity, besides it was hatched when egg ever exhibited in this office.

16 pounds Granulated Sugar for \$1.00, cash. WALKER.

C. C. Benson, who fell from his barn off several weeks ago, receiving painful injuries, was able to be in Columbia last Saturday afternoon.

If you know of a local item or if you have a visitor, call the News and tell us about it and we will get it in the paper. We want all the news and need your assistance.

Our thanks are due Mr. Isaac Walker Secretary of the Wayne county Fair, for a complimentary entry ticket. The Fair will begin September 5, and continue four days.

The last quarterly meeting for Columbia district will be held at Milltown second and third of August. Presiding Elder Shelly will be present and will conduct the meeting. Every body is cordially invited.

I have reduced the prices on all Clothing, and Pants, have cut them to the bottom. Now is your time to buy at WALKER'S.

The new residence just completed by Mr. Rollin Browning, situated on the street leading to the Presbyterian College, was purchased by Miss Minnie Triplett, last Monday. Consideration, \$1,800.

Mrs. Sallie Hubbard, whose maiden name was Ingram, a native of Adair county, died in Campbellsville last week. She was eighty-seven years old and was a sister to the late James Ingram, who lived near Columbia.

News has been received here announcing the death of "Trader" Jim Baker, of Green county, who shot and killed himself near Greensburg last Sunday. We understand that the bullet entered his head and it was suicide. See other information.

Mr. Armstrong Hill, the well-known traveling salesman and Miss Annie Carter were married in Campbellsville yesterday. The ceremony was solemnized at the home of Mr. A. H. Marshall, whose wife is an aunt of the bride. The couple received many handsome and useful presents.

Mr. Roy Ross, a young man nineteen years old, whose home was in East St. Louis, was drowned in the public road near the gate which entered into the river a few days ago. He was swimming and got caught in a whirl. His body was recovered seventy miles down the river.

Hon. Jas. F. Montgomery, who is one of the leading lawyers in the 29th district, says that there is less litigation at this time than in any period in the past. This, he says, speaks well for a citizenship, showing that every body is getting along smoothly.

There was a meeting held last Sunday by some of the leading singers of the county to try to adopt some plan of uniformity in singing. They recommended the use of Crown After Cross and Windows of Heaven No. 3. J. S. Stapp has promised that he will sell just like that can be gotten from the house.

A series of Meetings are in progress at Taylor, 25 miles from town, conducted by Rev. F. E. Lewis (Rev. J. H. Newberry, the well-known evangelist, will arrive this evening to assist in the Meeting. Every body invited to attend the services.

We learn that Jeff Parsons, formerly of Columbia, but now of Campbellsville, accidentally shot and killed a horse for Mr. Owen Gaines, last Saturday night. Parsons and two other men were in a buggy and were out for a "big" time.

Mr. Tateo Takahashi, of Kyoto, Japan, will lecture at the court house this (Wednesday) night, beginning at 8 o'clock. His subject will be His People and His Country. He will appear in a Japanese dress. He is a student in the Baptist Theological Seminary, Louisville, and is a gentleman of education and comes to Columbia highly recommended. He was not a few days ago by Judge W. W. Jones, of this place, who speaks of him in the highest terms.

The program for the Russell Spring's Medical Association which meets at place August 3rd and 4th, will prove to be the most interesting one of the history of the Association. All the leading physicians in the boundary of the association have been assigned subjects, and it is confidently believed that they will all respond. This organization meets annually, and in the last few years has evidently done much to advance the science of medicine. Let every member attend and all others who desire to put in applications for membership. Visitors will be cordially received.

Mr. Milton Powell, one of Adair county's best citizens, left yesterday morning for Louisville to have his eyes examined by a specialist. His sight has been failing for several years, and at this time he can scarcely see. His nephew, Mr. Milton Powell, Jr., will accompany him.

We desire to extend our congratulations to Mr. E. C. Page and Miss Mayme Moore, who were happily married at the Willard Hotel, Louisville, one evening last week. The groom is a son of the late Jordan Page and the bride is a daughter of Dr. C. D. Moore, of Cane Valley. The couple are now on a bridal tour and will visit several of the Western States.

A representative of this paper took tea with the Misses Eubank last Wednesday. A delightful supper was served and it goes without saying it was very much enjoyed. There is not a more hospitable family in Columbia than the surviving widow and daughters of the late R. C. Eubank. When at the residence you feel perfectly easy, knowing that you are with those who are home-like and entertaining.

One of the saddest pictures to our mind is the man who panders to the whims of every body, having no opinion of his own. If a man expects to make a dust in the world he must have opinions and be not afraid to express them. In other words, he must be some body. The individual with whom you feel at ease will think the more of you, if you will stand to your convictions, letting the chips fall where they may.

Mr. Fred Hancock, who has been a salesman in Mr. W. L. Walker's store for several years has tendered his resignation and has accepted the position of Deputy Circuit Court Clerk under Mr. J. F. Neat. Mr. Hancock has heretofore served three years in the clerk's office, making an attentive official. He is polite and accommodating and would be glad to see his friends in his present place of business.

Miss Lois Holladay was in the News office last Thursday, in company with her mother and exhibited a Spanish silver dollar dated 1778. The coin shows who was King of Spain at the time it went from the mint. It is valued very highly by Miss Lois, as she received it as a birthday present from her father, who died in the public road near the gate which entered into the river a few days ago. He was swimming and got caught in a whirl. His body was recovered seventy miles down the river.

At a meeting of the municipal board last Thursday night a committee was appointed to look after the cemetery. It is likely that another road or two will be opened so that vehicles can pass over the graves, missing graves. It is also likely that the cemetery will be enlarged, the additional ground to be purchased from Mr. Brack Massie. The Board also contracted with Mr. Clay Wolford to build a culvert on Burkesville street near the residence of Mr. M. Cravens.

A young man living in this country was until the last two years been Editor of the News. He was the Eagle editor and related some of his past experience. We asked him how he managed so well of late in always keeping straight. He said that about two years ago he was told by a friend that he had died and that ever since that time he has carried her dear picture in a little leather case in his inside coat pocket nearest his heart, and when it is tempted to do wrong he makes a practice of taking that picture from his pocket, takes a good look at it and asks himself what his good old mother said to him when she gave him her parting goodbye carry of her hand. She said "Bible, be a good boy." Boys, if possible carry your mother's picture, living or dead.—Ex.

COMMISSIONER'S SALE.

ADAIR CIRCUIT COURT.

George R. Bennett, et al., vs. Nancy E. Bennett, et al., Def'ts.

By virtue of a Judgment and Order of Sale of Adair Circuit Court, rendered at the May Term, thereof, 1905, in the above cause, I shall proceed to offer for sale at the court-house door in Columbia, Ky., to the highest bidder, at Public Auction, on Monday the 7th day of August, 1905, at 1 o'clock P. M., or thereabout (being County Court,) upon a credit of six months the following described property, to-wit:

A tract of land lying in Adair county, Ky., on the waters of Russell Creek containing 35 1-10 acres.

For the purchase price, the purchaser with approved security or securities, must execute Bond, bearing legal interest from the day of sale until paid, and having the force and effect of a Judgment. Bidders will be required to comply promptly with these terms.

H. T. BAKER, Master Com.

CHEAP LANDS
For Homeseekers' and Colonies.

The country along the Cotton Belt Route in Southeast Missouri, Arkansas, Northwest Louisiana and Texas offers the greatest opportunities to Homeseekers. Mild climate, good water, cheap building material, abundance of fuel, and soil that will often, in a single season, yield enough to pay for the ground. Land can be bought as cheap as \$2.50 an acre. Prairie land at \$4, and \$5, per acre. Bottom land at \$5, and \$6, per acre up. Improved or partly cleared land at \$10, and \$15, per acre up. Some fine propositions for colonies—tracts of 2000 to 8000 acres at \$4 to \$10 per acre—big money in this for a good organizer. Fruit and truck lands in the famous peach and tomato belt of East Texas, at \$10, to \$20, per acre up. Write us for information about cheap rates, excursion rates also literature descriptive of this great country and let us help you find a home that will cost you no more than the rent you pay every year.

Dairy Notes.

Feed cows as regularly as you milk them.

If you want to make the straw stack benefit the cow, put some of it under her for bedding.

Let the cow frisk in the open air, once in a while; continuous stable life is not good for her.

Hay green in color and sweet in taste is the only quality that is fitted for a cow in milk to eat.

A good milker does not let his hands come in contact with the milk.

Strangers seem to annoy cows at milking time as much as dogs or cats.

Cows with full udders should not be driven faster than a comfortable walk.

It is poor policy to allow the calf, intended for a cow, to grow poor. Keep it well up in growing flesh.

No difference how good the cow or how rich the cream, poor methods will not make good butter.

Only the quietest treatment will help the nervous cow. To scold or thump with the stool or a club does no good.

It is not altogether the amount of butter a cow produces as what it costs to produce that determines the profit.

Showing the amount of fat actually in the milk does not indicate how much the butter maker can get out of it.

One cow well kept is worth a half dozen poorly fed. Plenty to eat is the secret of plenty of milk and plenty of cream.

Whitewashed stable is better in appearance and healthful than one that is old and weather-beaten.

Unless the nails are cut short and kept so, the cow is liable to remind the milker of it with a kick.

The dairyman who permits his corn fodder to get partly ripe or frostbitten before he cuts it up, is the same man who never gets around to do his haying until the grass is mature.—Ex.

FREE TRAVEL LITERATURE.

Round-trip tickets with long return limit and liberal stop-over privileges. Write to John Sebastian, Passenger Traffic Manager, Rock Island System, Chicago.

Likely to be Suppressed.

Agitation which promises to be vigorous and widespread has been started by the government authorities with the object of ultimately abolishing the issuance of official crop reports. The agitation is the result of the recent leak in the agricultural department whereby the cotton reports were given out in advance to speculators. The secret service, acting under the direction of the Secretary of Agriculture, has just completed its investigation. It is pointed out that at the best the government reports are only estimates and are of no real benefit to the country. They are of value only to speculators, and so many and so great are the temptations thrown about those who are engaged in collecting and preparing the report that, despite all precautions, it seems impossible to prevent their being "doctored," or at least fairly accurate advance information being handed out to a favored few. This is especially true of the cotton report.—Live Stock World.

The full, well rounded development of a colt depends principally upon his feed during the first year and a half of his life. If the mare is a good milker the colt gets started naturally, but many mares are not good milkers and the colt requires additional feeding at an early age. In order to raise valuable colts it is necessary to watch their progress. It is easy to see when a colt is doing well. A stunted colt never makes a good horse. It is folly to go to the trouble and expense of raising a colt and neglect proper feeding, as this is the finishing money which the greater time, money and labor practically are thrown away.

In a decision recently handed down by Chief Justice Hobson there is a matter passed upon that will be of interest to the magistrates and other officers of the country. He decides that the act passed by the Legislature in 1902 amending the law of 1901 fixing the fees of officers in examining trials in felony cases, so as to make the payment of same conditional upon the grand jury returning an indictment is unconstitutional, so far as it refers to persons who were elected in 1901. By this decision a number of claims for services in felony cases heretofore rejected upon the ground that the grand juries failed to return indictments, can be recovered.—Hogsville Herald.

Building up Kentucky.

A company, for the manufacture of harness and saddles has been organized at Owensboro with a capital stock of \$75,000. John G. Delpher is at the head of enterprise.

Contracts have been let within the last ten days in Hopkinsville for improvements in the way of building aggregating \$48,000. A belt line railroad is also assured.

Mayor Darnell, of Frankfort, says that when he went into office the city was \$65,000 in debt, but now the municipality is out of debt with a comfortable balance in the treasury.

The experimental crops of alfalfa in Davies county are proving satisfactory to the farmers. While the first crop was a little light, the second crop promises a much better yield.

Unanimous consent is asked that Secretary Morton be allowed to retire from the cabinet. Are there any objections? The chair hears none.

Sickening Suffering Fits of Ague and Malaria can be relieved and cured with Electric Bitters. This is a pure, tonic medicine, of especial benefit in Malaria for it exerts a true curative influence on the disease, driving it entirely out of the system. It is much to be preferred to Quinine, having none of this drug's bad after-effects. E. S. Munday, of Henrietta, Tex., writes: "My brother was very low with malarial fever and jaundice, till he took Electric Bitters, which saved his life. At T. E. Paul's drug store, price 30c, guaranteed."

Political.

Seven hundred and sixty laws were added to the statute books of New York State during the legislature session.

The report that Thomas F. Ryan, the New York multimillionaire, would be a candidate for United States Senator to succeed John W. Daniel, of Virginia, is denied by him and his friends.

The Hopkinsville Kentuckian says that "Judge Thomas H. Paynter spent last week at Dawson and also visited Paducah a day or two. The first district is turning out to be a Paynter stronghold in the approaching Senatorial race."

There is believed to be an understanding between the new owners of the controlling interest in the Equitable and the Harman financial forces to prevent an investigation of the society's affairs at the present extra session of the New York Legislature.

The President has written a letter to the Attorney General urging that a thorough investigation of the cotton report scandal be made, with a view to the punishment of Assistant Statistician Holmes, whom the President declares he considers more guilty than if he had stolen money to the amount he is reputed to have accumulated through the betrayal of the figures of the Government.

Alfalfa Soil.

Alfalfa is to be a winner in our eastern States partly for the reason that we have been taught that it is difficult to grow and must have a first class chance. Otherwise, like many new crops, it would have been tried widely and carelessly, and then abandoned as hopeless. Thorough preparation has given results, and this crop has come to stay. But the rather rapid increase in area is due to care in selecting land for seeding, and especially to thorough fitting. If the idea is gotten that alfalfa is the right crop for thin lands that lack fertility for other crops, or for heavy, wet land, the failures will bring the crop into disrepute. I have seen fine alfalfa on heavy clay land, but the fertility must be present to start it, and there must be fair drainage to hold it a profitable length of time.—Cor. National Stockman.

Killing in Cumberland County.

Burkesville, Ky., July 19.—On Kettle creek, in the southern part of this country P. Beavens Lay shot Garfield Sevier twice in the breast with a Winchester rifle, killing him almost instantly. Lay, who came here this morning and surrendered to the officers, claims that he killed Sevier in self-defense. He said Sevier was drunk and in pursuit of him with a double-barreled shotgun and was about to overtake him when Lay turned and shot him.

Lay is thirty-five years of age, a stave inspector by trade and has a good reputation. Sevier was twenty-five years of age and a farmer. Both men were married.

Even the most suspicious people must admit now that President Roosevelt meant it when he said he would not again accept a republican nomination for president. His declaration that he would buy canal supplies in the cheapest market gives ample proof that he never will

Spoiled Her Beauty.

Harriet Howard, of 209 W. 34th St., New York, at one time had her beauty spoiled with skin trouble. She writes: "I had Salt Rheum or Eczema years, but nothing would cure it, until I used Bucklen's Arnica Salve." A quick and sure healer for cuts, burns and sores. At T. E. Puller's drug store.

EXCURSIONS TO THE WEST

To the Pacific Coast—to California, Oregon, Washington—round-trip, long transit and return limits, liberal stop-over privileges.

The rate is practically on the basis of one fare for the round trip. Of course, if you wish to visit both California and Oregon or Washington, the cost is slightly more.

These reduced rates are in effect on certain dates in months of May to October, inclusive. They apply from all Eastern points via Chicago, St. Louis or Memphis gateways. The Rock Island System will take you up in either Chicago or St. Louis, or at hundreds of other Middle West points and carry you to the Coast in through Standard or Tourist Sleepers with unexcelled Dining Car service. The Rock Island also affords a choice of routes: on the "Scenic" route you can stop off in Colorado—see Salt Lake City—visit Yellowstone National Park; on the "Southern" route you can go via El Paso, thru New Mexico, then "up coast" to San Francisco and on to Portland or Seattle if desired.

In short, these Pacific Coast excursions offer an unusually good chance to see our western country in a comprehensive manner.

If you desire to go only as far as Colorado, there are excursion rates in effect to that section and return, all summer long, specially reduced June 30 to July 4, August 12 and 13, and August 30 to September 4. Extension trips to Ogden or Salt Lake and return at low cost also.

From September 15 to October 31, 1905, one-way tourist or "colonist" tickets will be on sale to California and the Pacific Northwest—about half regular fare.

If interested, send name and address on this coupon, designating which booklet wanted and to what point you plan to go. Name probable date of start also, so we can advise definitely with respect to rates, etc.

IS LARGEST DISTRICT

CHICAGO MAIL DELIVERY SERVICE AHEAD OF ALL.

Has 1,571 Mail Carriers Who Make Free Deliveries in 192 Square Miles of Territory—Is Second in Receipts.

Washington, D. C.—Chicago is the largest free delivery district in the United States. Its 1,571 letter carriers cover 192 square miles every day, and deliver more mail from the Chicago post office and its branches than is delivered in any other city, except New York city.

Illinois ranks fifth among the states in the number of post offices having free delivery service, 66 towns in the state having over 10,000 inhabitants with 10,000 gross postal receipts, and having their streets paved and houses numbered. This equals the total number in the United States 30 years ago.

These facts are brought out in an interesting report compiled by the superintendent of city free delivery. Taking the service by states, New York heads the list with 109 free delivery post offices. Pennsylvania comes next with 94, then Ohio with 73, Massachusetts with 70, Illinois with 66, Indiana with 58, New Jersey with 55, Michigan with 53, and Iowa with 45. The total number of city free delivery offices on January 1, 1905, was 1,104. Bearing in mind what are the requirements of free delivery, this indicates how great has been the development of the country since the service started in 1864, when there were only 66 cities complying with the conditions.

New York with Brooklyn combined has 132 square miles of territory, served by 2,804 carriers, an increase of 128 since January, 1904. Philadelphia has exactly the same area as New York and Brooklyn, but has fewer carriers, 1,147, an increase of 40 during the past year. Boston has 96 square miles and 927 carriers, an increase of 33. Cincinnati has 65 square miles and 301 carriers, a very slight increase.

Baltimore has not increased its carrier service, probably on account of the fire. It has 357 carriers, covering an area of 55 square miles. Washington, or the District of Columbia, once known as "the city of magnificent distances," still has 49 square miles of territory, served by 259 carriers. This is only four square miles less than New Orleans, which city gets along with only 125 carriers. It has a greater area than Indianapolis, which has 31 square miles and 217 carriers, and greater than Minneapolis, 38 square miles, 195 carriers, than St. Paul, 43 square miles, 145 carriers, or than Buffalo, 42 square miles, 246 carriers. Wichita, Kan., has almost a fresh service of 43 square miles and only 22 carriers, but its postal receipts measure up well, amounting to \$110,306, making the percentage of cost of free delivery 17.94.

Pennsylvania, the birthplace of our postal system, has the distinction of having the two costliest free delivery offices—Nanticoke, with four carriers, whose pay amounts to \$5.18 per cent. of the gross receipts, and Plymouth, with six carriers, costing \$4.18 per cent. of the gross receipts.

Each of these cities acquired the free delivery service by reason of a popular vote, according to the last census of 1900 or upward. The gross postal receipts in both cases fall far below the cost of the service. Marshall, one of the costliest services, Marshall, Minn., has both the cheapest and the most expensive service, the former costing 3.31 per cent. and the latter 4.11 per cent. per annum, according to the last census of 1900 or upward. The gross postal receipts in both cases fall far below the cost of the service. Marshall, Minn., has both the cheapest and the most expensive service, the former costing 3.31 per cent. and the latter 4.11 per cent. per annum, according to the last census of 1900 or upward.
